R&B Switchgear

Just a note to let you know that on Monday 9<sup>th</sup> November we successfully commissioned the coal mills associated with the fire on our switchboard.

Can I thank you and all your efforts in assisting us in completing this job in record time. You definitely pulled out all the stops for us on this one. It was a clear example of teams pulling together for a common cause.

The service you provided was second to none and everyone involved was very impressed by the workmanship both technically and safety.

Once again many thanks.

Regards

A handwritten signature in black ink, appearing to read "N Parker", is written over a horizontal line.
